

Accreditation Unit

Annex (1)

To The Accreditation Certificate No. **JAS PT - 001** Dated **17-02-2025**

for **Mohammad Abu Al-Khair and Partners Company (Naratech Labs Proficiency Testing Service) (NLPTS)**

Scope of Accreditation

In the Field of **Microbiological Proficiency Testing for Food , Cosmetics, Water and Wastewater**

Discipline / Field	PT item	Characteristics measured/ Parameters	Scheme Name (Identification)
Testing - Food microbiology	Food matrix	Total aerobic mesophilic count Enumeration of Escherichia coli Enumeration of coliforms	Food microbiology proficiency testing scheme- FMPTS
		Enumeration of Enterobacteriaceae	
		Enumeration of Coagulase- Positive Staphylococci Enumeration of Bacillus Cereus	
		Enumeration of yeast and mold	
		Detection of Salmonella species	
		Detection and Enumeration of Clostridium perfringens	
		Detection of Listeria Monocytogenes	
		Enumeration of Listeria Monocytogenes	
		Detection of Vibrio parahaemolyticus	
		Detection of Escherichia coli O157	
Detection of Campylobacter Species			
Testing -Water microbiology	Potable Water	Total aerobic count @ 35°C (PW)	Water microbiology proficiency testing scheme- WMPTS
		Enumeration of Escherichia coli (PW)	
		Enumeration of coliforms (PW)	
		Enumeration of Escherichia coli (PW)	
		Enumeration of coliforms (PW)	
		Enumeration of Legionella species (PW)	
		Enumeration of P. aeruginosa (PW)	
Enumeration of enterococci (PW)			

Accreditation Unit

Annex (1)

To The Accreditation Certificate No. **JAS PT - 001** Dated **17-02-2025**

for **Mohammad Abu Al-Khair and Partners Company (Naratech Labs Proficiency Testing Service) (NLPTS)**

Scope of Accreditation

In the Field of **Microbiological Proficiency Testing for Food , Cosmetics, Water and Wastewater**

Discipline / Field	PT item	Characteristics measured/ Parameters	Scheme Name (Identification)
Testing - Water microbiology	Wastewater	Enumeration of Escherichia coli (WW)	Water microbiology proficiency testing scheme- WMPTS
		Enumeration of coliforms (WW)	
		Enumeration of coliforms (Faecal Coliform) (WW)	
Testing - Cosmetics Microbiology	Cream	Enumeration of aerobic mesophilic Bacteria	Cosmetics microbiology proficiency testing scheme- CMPTS
		Detection of Staphylococcus aureus	
		Detection of Escherichia coli	
		Detection of Pseudomonas aeruginosa	
		Enumeration of yeast and mold (Total count)	
		Detection of Candida albicans	

List of employees in the Proficiency Testing Provider who are technically responsible for issuing the PT reports in the scope of accreditation:

1- Eng. Noor Abu-sheikha
