THE HASHEMITE KINGDOM OF JORDAN

Accreditation Unit

Annex (1)

To The Accreditation Certificate No. JAS Insp. – 015a Dated 27/10/2026

for Al-Shareef Vehicle Services Company / Alshareef Car Test Center / Amman

Scope of Accreditation

In the Field of Mechanical and electrical inspection of small passenger car running on diesel, gasoline, electricity, or a combination of both (hybrid) and has a speed exceeding 25 km/h, and carries no more than 9 passengers (Type:A)

Type (A,B,C)	Inspection category	Inspection Field (and sub-fields)	Range of inspections	Stage of inspection	Inspection requirements or criteria
A	Product	Small passenger car that runs on gasoline, electricity, or a combination of both (hybrid), has a speed exceeding 25 km/h, and carries no more than 9 passengers, including the driver.: 1. Electric EV, including Extended Range Electrical Vehicle (EREV) 2. Hybrid cars, (PHEV, HEV)	Verification of the vehicle data plate	1. Periodic Inspection 2. In-Service Inspection 3. Post-Repair Inspection	Internal inspection scheme (AVIC-IIS) Issue No (1) Date: 29/5/2025, Revision 2.0 Date : 10/08/2026
			Integrity of the outer body (chassis), beams, and structural components		
			Safety of electrical wiring and connection points		
			Safety of the brake system		
			Results of static brake testing		
			Lighting system		
			Vehicle glass and mirrors		
			Wipers and windshield washers		
			Tires and rims		
			Control devices		
			Seat belts		
			Airbags		

Annex (1)

To The Accreditation Certificate No. JAS Insp. – 015a Dated 27/10/2026

for Al-Shareef Vehicle Services Company / Alshareef Car Test Center / Amman

Scope of Accreditation

In the Field of Mechanical and electrical inspection of small passenger car running on diesel, gasoline, electricity, or a combination of both (hybrid) and has a speed exceeding 25 km/h, and carries no more than 9 passengers (Type:A)

Type (A,B,C)	Inspection category	Inspection Field (and sub-fields)	Range of inspections	Stage of inspection	Inspection requirements or criteria
			Vehicle systems		
			Steering system		
			Suspension system		
			Exhaust system		
			Engine system		
			Gaseous emissions		
			High-voltage system		
A	Product	Small passenger car that runs on diesel, gasoline, electricity, or a combination of both (hybrid), has a speed exceeding 25 km/h, and carries no more than 9 passengers, including the driver: 1. gasoline cars, (ICE) 2. diesel	Verification of the vehicle data plate	1. Periodic Inspection 2. In-Service Inspection 3. Post-Repair Inspection	Internal inspection scheme (AVIC-IIS) Issue No (1) Date: 29/5/2025, Revision 2.0 Date: 10/08/2026
			Integrity of the outer body (chassis), beams, and structural components		
			Safety of electrical wiring and connection points		
			Safety of the brake system		
			Results of static brake testing
